PETRA LINDNER · LOCK IT TWICE.

THE SAFETY CARD
12 RULES FOR YOUR PHONE

Print this page and put it next to your phone. Not in your head. On paper.

1 SILENCE ON THE LINE
I say nothing, and I hang up. No “Hello?”, no name.

2 “CALLBACK.”
I hang up and dial the number myself. I never press redial.

3 CALLER ID PROVES NOTHING
The name on my screen can be faked. What counts is what they ask for.

4 A CODE IS A KEY
A code that arrives on my phone is for my fingers only. I never read it to anyone.

5 NOTHING DURING A CALL
I approve no payment, share no code and install nothing while someone is on the phone.

6 GIFT CARD = SCAM
No real office is ever paid by gift card, cryptocurrency machine, wire or gold.

7 NO WORD, NO MONEY
Someone I love is in trouble? I hang up, call them myself and ask for our family code word.

8 NO LINKS IN TEXTS
I never tap a link in a text message. I go to the real site or app myself.

9 A WARNING WITH A PHONE NUMBER
...is an advertisement. I close it and call no one.

10 MY MICROPHONE
Do I speak into this app? If not, it does not get my microphone.

11 NEVER “ACCEPT ALL”
After an update of my phone or TV, I choose “Decline” or “Settings”.

12 IT WAITS UNTIL TOMORROW
A payment I did not plan waits one night, and I tell one person first.

MY NUMBERS

My bank, number from my card _____

Police, non-emergency _____

The person I tell first _____

IF IT HAPPENED

1. Call the bank, number on the card.

2. Report to the FBI: ic3.gov

3. Elder Fraud Hotline: 1-833-372-8311

4. Tell one person. Today. Emergency: 911.
